1997

SKILLS

Expert-level knowledge of Adobe Creative Suite: Photoshop, Illustrator, InDesign, Acrobat, and Dreamweaver.

Master of Microsoft Office: PowerPoint, Word, and Excel.

Proficient in Asana, Figma, and Google Workspace.

SUMMARY

As an innovative and visually inspired Graphic Designer, I craft compelling and engaging visuals for print, web, and social media campaigns. Being formally trained in print, I am passionate about design principles, color theory, typography, and layout techniques. I have strong communication and organizational skills and I excel in translating brand strategy into captivating graphics.

Having worked for myself for many years, I am self-sufficient and highly self-motivated. I work effectively and efficiently in both independent and team environments. I thrive on juggling multiple projects at once and can proudly meet tight deadlines with ease and absolute, on-brand accuracy.

I am currently seeking to acquire part-time or full-time graphic design opportunities.

I look forward to hearing from you! Thank you for your time!
